Amendment of Section 73.202(b)
Table of Allotments,
FM Broadcast Stations.
(Westport, Washington)MM Docket No. 97-83
RM-8948NOTICE OF PROPOSED RULE MAKING

Adopted: February 21, 1997;

Released: February 28, 1997

Comment Date: April 21, 1997

Reply Comment Date: May 6, 1997

By the Chief, Allocations Branch:

1. The Commission has before it the petition for rule making filed by Chehalis Broadcasting Company ("petitioner"), proposing the allotment of Channel 265A at Westport, Washington, as the community's first local aural transmission service. Petitioner states its intention to apply for the channel, if allotted.

2. In support of its proposal, petitioner states that Westport is located in Grays Harbor County, Washington, and has a 1990 U.S. Census population of 1,892 persons. Petitioner asserts that the allotment of Channel 265A at Westport would be in the public interest since it would provide the community with its first local aural transmission service.

3. Although the proposed allotment site is fully-spaced to the construction permit site (47-30-14 and 121-58-29) for Station WIRO-FM, Channel 264C, Seattle, Washington, our engineering analysis indicates it is short-spaced to the reference coordinates (47-38-01 and 122-21-20) for the allotment site. However, in an effort to accommodate petitioner's proposal an alternate Class A channel has been found to avoid the conflict. We believe the proposal warrants consideration since the proposed allotment of Channel 267A at Westport, Washington, could provide the community with its first local aural transmission service. An engineering analysis has determined that Channel 267A can be allotted to Westport in compliance with

the Commission's minimum distance separation requirements at city reference coordinates.¹ Since Westport is located within 320 kilometers (200 miles) of the U.S.-Canadian border, concurrence of the Canadian government has been requested.

4. Accordingly, we seek comments on the proposed amendment of the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, for the community listed below, to read as follows:

<u>City</u>	<u>Channel No.</u>	
	<u>Present</u>	<u>Proposed</u>
Westport, Washington	---	267A

5. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

6. Interested parties may file comments on or before April 21, 1997, and reply comments on or before May 6, 1997, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554. Additionally, a copy of such comments should be served on the petitioner, or its counsel or consultant, as follows:

Henry E. Crawford, Esq.
1150 Connecticut Ave., N.W.
Suite 900
Washington, D.C. 20036
(Counsel for Petitioner)

7. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the FM Table of Allotments, Section 73.202(b) of the Commission's Rules. See Certification That Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), 73.504 and 73.606(b) of the Commission's Rules, 46 FR 11549, February 9, 1981.

¹The coordinates for Channel 267A at Westport are North Latitude 46-53-24 and West Longitude 124-06-06.

However, any new written information elicited from such a request or a summary of any new oral information shall be served by the person making the presentation upon the other parties to the proceeding unless the Commission specifically waives this service requirement.
